LAZER

HIGH PERFORMANCE LIGHTING

TRIPLE-R 6 ('850')

A later addition to the Triple-R range, the 850 Standard packs some serious lighting performance from a lamp just over 320mm in length. Pushing the limits of what is permissable under ECE road-legal regualtions, the Triple-R 850 not only delivers exceptional light output, tuned into a 'spot' beam pattern, but UK engineered and manufactured ensures this is an LED spotlight that can withstand the harshest environments and is built to last.

ULTRA LONG-RANGE
LED DRIVING LAMPS
