- Black lens covers for lamps (x2)
- M8x40 Button head screws (x4)
- Lamp Holder Bezel (LH/RH)
- Two-Lamp Wiring Kit

TOOLS REQUIRED

- Socket Set/Spanner
- Torx T40
- Wire Cutters
- Wire Strippers
- Heat Source

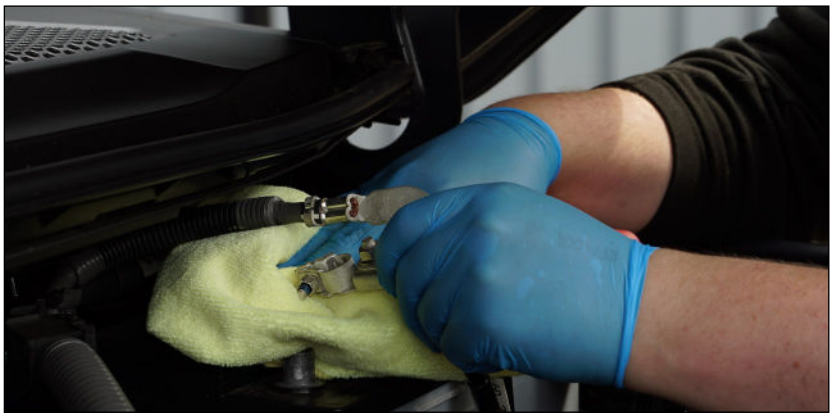

Also required (not included in kit):

- Cable Ties
- Heat Shrink
- Loom Tape
- Crimps

FOR VEHICLES WITHOUT OE FOG LIGHTS

INSTALLATION TIME
1 HOUR

DIFFICULTY - 1 / 5

Ensure battery is disconnected before starting any wiring installation:

Remove negative on battery and insulate.

See next page for wiring diagrams.

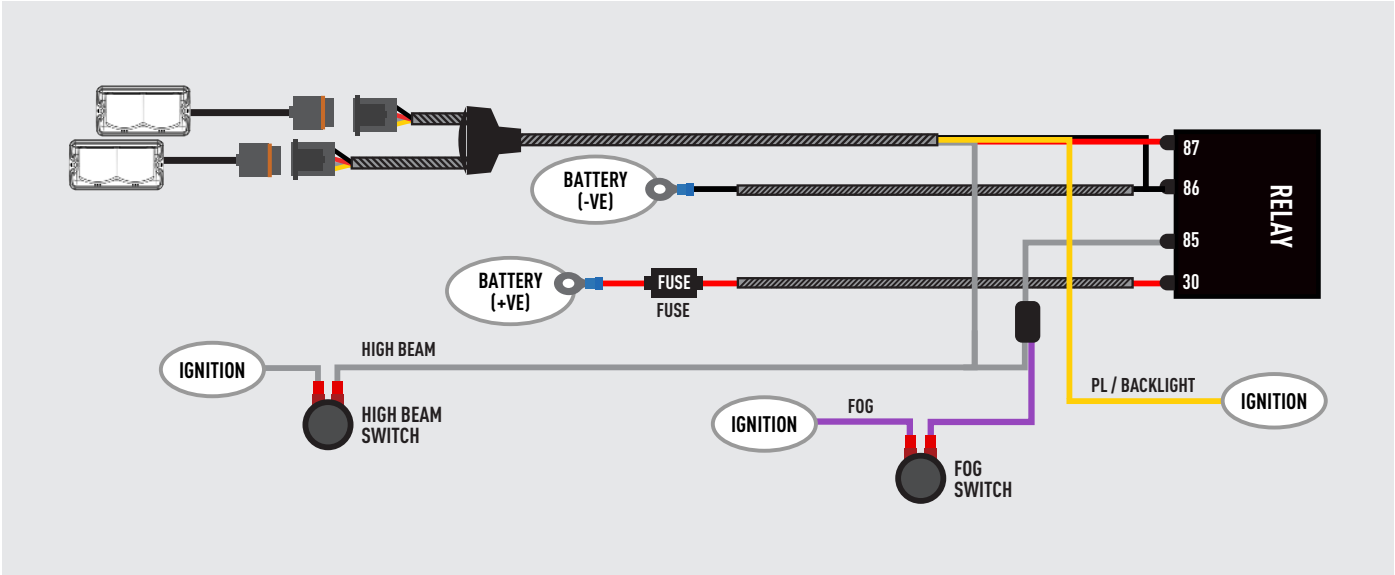

Once wiring has been completed, pass the lamp connectors through the bumper pocket, and connect to lamps.

Then, insert the fog light bezel into pocket and secure with the provided hardware (x2 Screws each side of vehicle).
