HIGH PERFORMANCE LIGHTING

TRIPLE-R 8 ('1000')

The Triple-R 8 (or '1000') Standard features a world-first in 'E-BOOST' technology, a patent pending innovation from Lazer which gives the lamp dual output functionality, to be both compliant with ECE lighting regulations, plus additional output when being used off road or at a motor sport event. In road legal mode, the lamp is running at 60% of it's output capacity, switching to 100% output when the BOOST-CAP is fitted to the side of the lamp. Alongside the lamps unique design, the Triple-R 8 is instantly recognisable as one of the most powerful road-legal spotlights available.

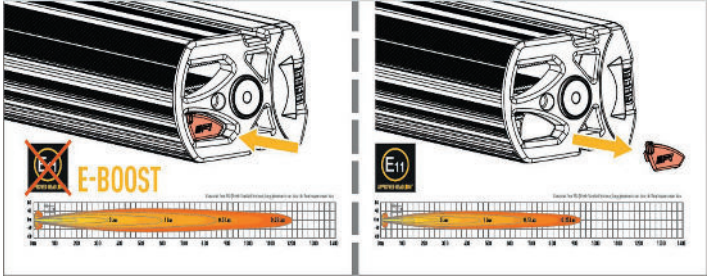

5 YEAR WARRANTY

IP67 WATERPROOF

ULTRA LONG-RANGE
LED DRIVING LAMPS

TRIPLE-R

TRIPLE-R 8 ('1000')
